

## Technology Upgrade and Refresh Program

If you find yourself faced with the dilemma of either paying exorbitant maintenance prices from your systems manufacturer or paying them to refresh to newer technology, then 1<sup>ST</sup> Source Technology has a better solution.

If you want to extend the capitalization of your IT investments then 1<sup>ST</sup> Source Technology has a better solution.

1<sup>ST</sup> Source Technology has an extensive inventory of upgrade components and complete systems that can be deployed at significantly lower costs than purchasing new systems or upgrades from the manufacturer.

1<sup>ST</sup> Source Technology provides upgrades and systems from many of the major manufacturers including;

HP/Compaq®, SUN®, IBM®, NCR®, Dell®, Cisco®, AT&T®, Tandem®, Pyramid®, Sequent®, SGI®, Fujitsu®, and STK®

1<sup>ST</sup> Source Technology is always looking to purchase surplus or retired systems.
